MEDITERRANEAN STYLE

I Wear Nature

JISCO
is Mediterranean Style

The Mediterranean is a sea.
But it is also a land.
It is a moment.
A lifestyle.
A life.

Cala S'Alguer (Costa Brava)

WATER, LAND AND PEOPLE THAT GENERATES MOMENTS AND FEELINGS

When I feel the nature, I act naturally

The taste of seafood
by the water...
Makes me feel inspired

The sound of seagulls
and the sea breeze...

Makes me feel free

The touch of the sand
under my bare foot...
Makes me feel natural

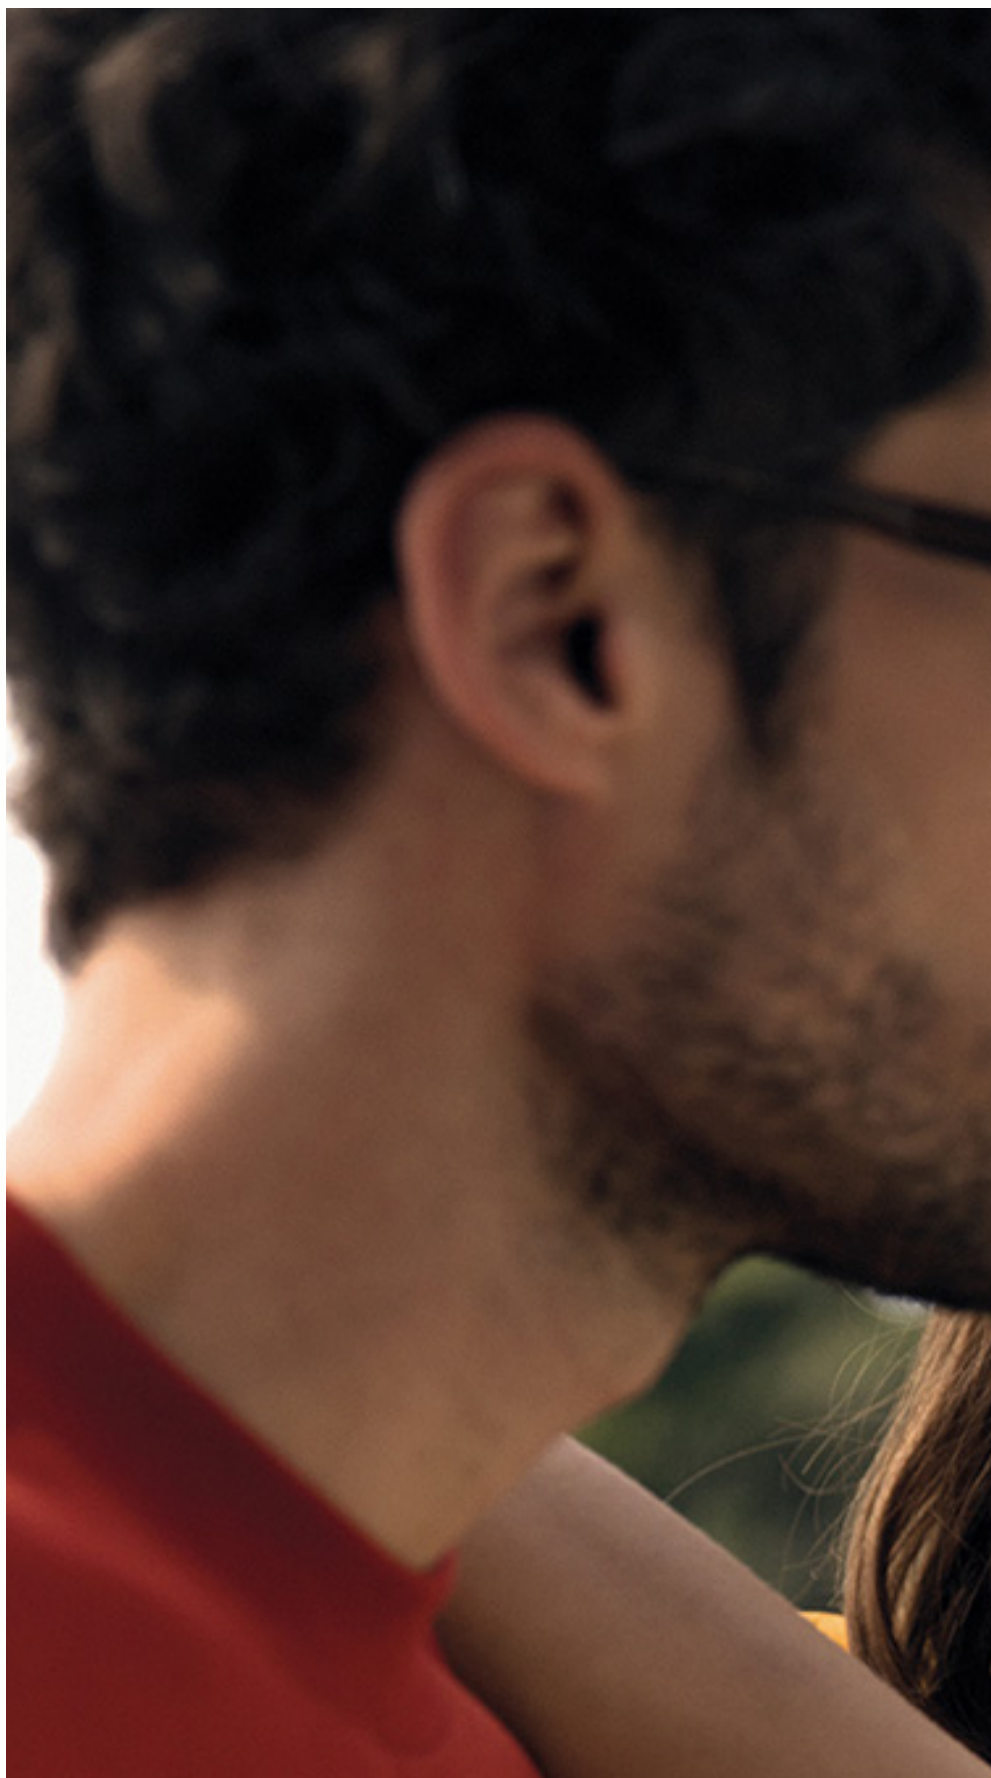

The warm light of the sun
on my skin...

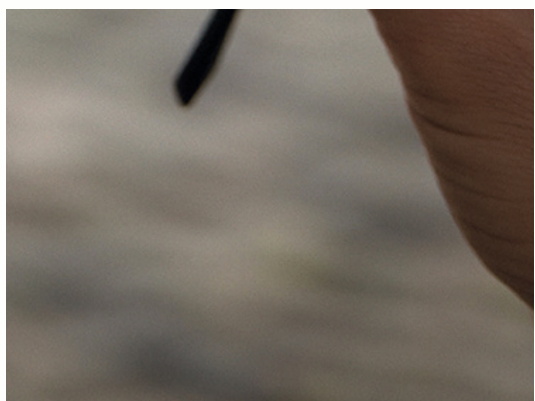

Makes me feel alive

*I wear nature
I wear Jisco*

We love / need / feel nature

We inspire people to explore/enjoy nature
and empower it to make it healthy,
creative and responsible.

Through a quality product,
created from responsibility
with the environment
and designed to provide comfort.

NATURE makes us feel inspired, alive, and free.
But feeling the nature means also being
responsible for it, care it, protect it and preserve it.

We feel honoured to collaborate
with **SAVE THE MED** foundation in their mission
for the regeneration of the Mediterranean Sea.
